WAV, Inc., a value-added distributor of LTE, wireless broadband, Wi-Fi and networking equipment announces a new distribution partnership with Proxim Wireless, a pioneer and global leader in point to point (PtP) and point to multipoint (PtMP) wireless systems and advanced Wi-Fi systems.

In an effort to meet the growing demands of the wireless marketplace, WAV has solidified a distributor partnership with Proxim. Proxim's Tsunami® and ORiNOCO® solutions provide a comprehensive product line for a wide variety of market segments including enterprises, service providers, carriers, governments and municipalities, WiFi Operators/Hot spot Operators and other organizations that need high performance, secure scalable wireless solutions.

"Partnering with Proxim bolsters WAV's ability to offer high-performance, secure and scalable broadband wireless solutions to our partners," said Zach Hubeck, vice president of sales and marketing, WAV, Inc. "This new agreement with Proxim aligns with our goal to continue delivering wireless performance and value to our customer base."

We look forward to working with WAV. Their market focus combined with our broad and full featured product portfolio makes a winning combination" said David Sumi, senior vice president, marketing, Proxim Wireless. "We are excited to have WAV as a key member of our channel team."
