Proxim Wireless and Easy World Announce Distributor Partnership

Easy World to represent Proxim Solutions in the Middle East

Silicon Valley, CA, August 17, 2017 - Proxim Wireless Corporation (OTC Markets: PRXM), a pioneer and global leader in point to point (PtP) and point to multipoint (PtMP) wireless systems and advanced Wi-Fi, today announced the distributor partnership with Easy World Group (eWorld), a leading value-added distributor and solution provider of Wireless communications, Industrial automation and Telecommunication products in Middle East region.

This partnership will help boost Proxim's presence and further penetrate key verticals such as ISPs, Carriers, SCADA, and mining and extractions to name a few. With Proxim's Tsunami® and ORiNOCO® wireless eWorld now has the product line to address market requirements for mission critical applications with carrier class products. Proxim product lines with their rich feature set are ideal for the region supporting operating temperatures as high as 60°C and are equipped with robust IP 67 grade enclosures to ensure high availability and reliability under harsh conditions.

"Our high performance products are a perfect fit for demanding environmental conditions. We see a great deal of opportunity in the Middle East markets and consider our partnership with eWorld to be a very important as we expand our penetration in the Middle East. We are very pleased to partner with them to further strengthen our presence in this market" said David Sumi, Senior Vice President, Marketing Proxim Wireless.

Proxim's product line aligns and complements eWorld's existing portfolio and eWorld will carry the entire Proxim portfolio to address a wide variety of applications from indoor and outdoor WiFi to outdoor backhauling and broadband services. In particular Video Security and Intelligent Traffic System applications with the demand for robust, high availability and seamless video, areas Proxim products excel, will be targeted.

“Combining Proxim’s portfolio with our expertise allows us to provide comprehensive networking solutions for today’s high bandwidth demands” said Mohammed Abusamra, VP - Business Development, eWorld, “We are very pleased and excited to partner with Proxim at a time when it is critical to have the right technologies and resources to serve our customer’s communication requirements,”

Safe Harbor Statement

Statements in this press release that are not statements of historical facts are forward-looking statements that involve risks, uncertainties, and assumptions. Our actual results may differ materially from the results anticipated in these forward-looking statements. The forward-looking statements involve risks and uncertainties that could

contribute to such differences, including difficulties in overcoming the network installation and operational challenges relating to any specific customer or geographical area; factors beyond our control such as weather, geographic, governmental, and interference issues that may increase the costs and difficulties of wireless deployments; specific requirements of a given customer in their specific situations; whether the deployment will achieve the desired objectives of any given customer; changes in the timing, features, and other characteristics of products Proxim expects to introduce; and difficulties or delays in supplying products with the features, performance, compliances, certifications, cost, price, quality, and other characteristics desired by customers. Further information on these and other factors that could affect Proxim's actual results is contained in the filings made by Proxim with the OTC Markets (available at www.otcmarkets.com), including without limitation in the Annual Report filed by Proxim on March 30, 2010, and is and will be contained in its other public statements, which may be available on Proxim's website (www.proxim.com).
